

Student & Parent Laptop Policy & Agreement

iForward will loan school laptops to students who are in need of a computer. However, students and parents are responsible for maintaining the optimal operating condition of the laptop. The students/parents will be financially responsible for the repair of the laptop if inappropriate non-school use was the root of the problem. We will attempt to make repairs remotely with our technology team. However, if the laptop is beyond remote repair, it will need to be returned to the tech team. In this case, the school may charge a minimum \$98.00 laptop repair fee before the replacement laptop is sent back to the student's home.

Students should take caution to protect school issued laptops from accidental damage or virus infections. Damaged, broken or virus stricken laptops, whether accidental or not, may also mean **no** school replacement laptop will be available. Students may need to use their own resources and computers to attend school.

Parents/Guardians and Students need to understand that school laptops lost, stolen or significantly damaged will need to be replaced. In situations like these, **the full cost will be charged to the family to replace the laptops which is estimated to be approximately \$722.00**. This amount includes the replacement laptop, warranty cost, software educational licensing, and other software costs. Replacement computers can only be purchased by the school district and not by the student or family.

By borrowing a school laptop, we agree to the above and below statements.

- I (We) would like to borrow an iForward school laptop for our education.
- I (We) agree the school laptop is to be used for school and educational purposes only.
- I (We) agree there will be no downloading of any program or software without written permission from the school administration.
- I (We) understand and agree we will be financially responsible for any physical damage, virus infection, whether accidental or not, lost, stolen, or missing laptops. We acknowledge and understand the laptop replacement charge will be approximately \$722.
- We agree to reimburse the school for the repair or replacement of the school laptop within 30 days.
- I (We) agree to follow all rules and provisions of the Grantsburg School District/iForward Acceptable Use Policy. We understand the school laptop can be recalled at any time.
- I (We) understand and agree any hardware or software is owned by the GSD/iForward.
- I (We) understand and agree we will have a backup computer available at a moment's notice. We understand attendance is required whether we are using a school issued laptop or not.
- I (We) intend to use a school issued laptop to attend school and agree to each provision listed above.
